Description

At Euronautic, we make boat ownership easier and provide unforgettable sailing experiences. We're based in the beautiful old town of Biograd in Croatia, in the newly constructed Marina Kornati. We were founded in 2002, and therefore have extensive experience offering charter management services, as well as hiring sailing boats and cruisers.

Our charter management services make boat ownership more feasible, easier, and more cost-effective. We advertise your vessel and take bookings for the times during the year that you're not using it. We handle the entire check-in and check-out process and all the other essential elements of customer service, plus we maintain your boat thoroughly in both high and low seasons.

As we already have 39 boats in our fleet, we can offer holiday travelers and sailing enthusiasts an excellent range to choose from for their holiday of a lifetime.
